

### product type designation

### product description

### PROFIBUS FC bus connector RS 485

Bus connector with axial cable outlet (180°)

PROFIBUS FC RS 485 plug 180 PROFIBUS connector with FastConnect connection plug and axial cable outlet for Industry PC, SIMATIC OP, OLM, Transfer rate: 12 Mbit/s, terminating resistor with isolating function, plastic enclosure.

### suitability for use

For connecting PROFIBUS nodes to the PROFIBUS bus cable

### transfer rate

#### transfer rate / with PROFIBUS

9.6 kbit/s ... 12 Mbit/s

### interfaces

#### number of electrical connections

- for PROFIBUS cables

2

- for network components or terminal equipment

1

#### type of electrical connection

- for PROFIBUS cables

Integrated insulation displacement terminals for 2-core PB FC installation cables

- for network components or terminal equipment

Sub-D connector (9-pin)

#### type of electrical connection / FastConnect

Yes

### mechanical data

#### design of terminating resistor

Integrated resistor combination that can be selected with slide switch. Disconnect function: When the resistor is connected, the outgoing bus is isolated.

#### material / of the enclosure

plastic

#### locking mechanism design

Screwed joint

### design, dimensions and weights

#### type of cable outlet

180° cable outlet

#### width

16 mm

#### height

62 mm

#### depth

34.5 mm

#### net weight

40 g

### ambient conditions

#### ambient temperature

- during operation
- during storage
- during transport

-40 ... +70 °C

-25 ... +80 °C

-25 ... +80 °C

#### relative humidity

- at 25 °C / without condensation / during operation / maximum

75 %

#### protection class IP

IP20

### product features, product functions, product components / general

#### product feature

- silicon-free

Yes

#### product component

- PG connection socket
- strain relief

No

Yes

| standards, specifications, approvals                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

| security information                                                                                                                                                                                                                                                                                                                                                                                     | <p>Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit <a href="https://www.siemens.com/cybersecurity-industry">www.siemens.com/cybersecurity-industry</a>. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under <a href="https://www.siemens.com/cert">https://www.siemens.com/cert</a>. (V4.7)</p> |
